Date: March 08, 2026

Hi again!

Your workspace is looking great, but you haven't **integrated with Slack** yet.

In a modern workplaces, "tab-fatigue" is a real productivity killer. Connecting to Slack is the "secret sauce" for high-output teams. It allows you to see real-time status updates, approve budget requests, and receive deadline pings without leaving your Slack channel.

Please let us know if you have any questions about integration.
